## **Objectives of the conference**

### **Part 1 – All Our Futures – Priorities for 2010-11**

#### Objectives

- To explain how the Goal Groups arrived at their priorities for the year
- To explain how the priorities will be monitored and reported
- To ensure everyone understands how they can track progress of the work

### **Part 2 – Tackling Climate Change in Horsham District**

#### Objectives

- To encourage partners to consider their carbon footprint and ways to reduce it
- To find out what is already going on in the District
- To overcome barriers to participation
- To gather information to feed into West Sussex Climate Change Workshop on 29 April 2010, with a view to agreeing countywide targets towards which HDCP can contribute
